

## Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish once-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

## BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it, ask your dealer to get it for you. It is authorized to refund your money. But we feel sure you will agree with the thousands of other Black Silk Stove Polish users who say it is the "best stove polish ever made."

## LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using Black Silk AIR-DRYING ENAMEL. Brush free with each can of enamel only. Use Black Silk METAL POLISH for silver, wear, nickel, chrome or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

## NEW YORK FANS HOLDING BREATH

New York, Sept. 26.—New York fans are in the throes of intense excitement waiting the outcome of the coming series, which it is believed will settle who is to be the ultimate winner of the pennant.

If the Giants make a clean sweep they will have the pennant clinched. Three out of four victories and the Giants would have to win two more games. An even break would require them to be returned victors in four. A Chicago victory in three of the four would place the Giants where they would have to win six. The Giants on the short end of every game would maintain up the race. It would mean that McGraw's men would need eight more victories and would place the Cubs but two and one-half games behind the leaders.

And the local fans are holding their breath.

This figuring is on the supposition that the Cubs will win both games at their double header with Boston today. The two teams stand today:

Team	To Play	Won	Lost	Pct.
Giants	13	20	18	.522
Cubs	13	21	17	.558

In the American league a victory for the Athletics over the Tigers would place Mack's men today where they need but one more to win the coveted flag. A defeat and the Athletics would have to win three more games.

## DISCOVERY DAY BANQUET.

To those who were fortunate enough to attend the Discovery day banquet given last year under the auspices of Newark Council Knights of Columbus, it will be pleasant news to know that the second annual discovery day banquet will be given under the auspices of the same organization on Discovery Day, October 12, a legal holiday in Ohio, commemorating the landing of Columbus on American soil.

Excellent speaking and musical talent is assured with an appetizing menu, efficient service, and make the occasion a fitting observance of this holiday. Last year about 550 ladies and gentlemen attended the banquet and tickets should be secured early, and will be on sale at the places to be announced at a later date.

## SPRINGFIELD AFTER BERTH IN CENTRAL

Dayton, Ohio, Sept. 26.—A strenuous effort will be made to preserve the Central League at a meeting of the magnates held here today, but whether this can be done is said to be a question. President Varnell of the league has announced that he will be on hand, and this is all that is lacking for a quorum. Much gossip is rife today relative to new teams being taken into the league should it be retained. Among those are prominently mentioned Springfield, Akron and Youngstown. It is said that the former two clubs are anxious to come into the league.

**PIRATES RELEASED.**  
New York, Sept. 26.—The release by Pittsburgh of six players to the Indianapolis team of the American Association was approved in an official bulletin by President Lynch of the National League last night. The players are Bisland, Harrison, Gray, Llewellyn, Taylor and Lake.

**DAHLER FOR MANAGER.**  
Pittsburgh, Sept. 26.—President Ebberts of the Brooklyn baseball club has announced that William F. Dahler had signed a contract to manage the Brooklyn team next year.

**MANAGER GRANT'S PURCHASE.**  
Terre Haute, Ind., Sept. 26.—Manager Grant of the Terre Haute Central League Club, has bought First Baseman Dust and Calbert, Dowell and Gossage, fielders of the Harrisburg, Ky., club.

A STRIKING COLLECTION.

The same care, skill and expense unite to make up the Magazine Section of the New York Sunday World as combine to prepare the regular weekly or monthly magazine. In next Sunday World's Magazine will be presented a score of illustrated articles dealing with heredity, divorce, war, the working woman, Russian secret police, our babies, fashion, beauty, humor, art, sports, etc.

WORD OF THANKS.

We desire to thank our friends and neighbors for their kindness during the illness and death of our infant son, also for the many beautiful floral tributes. We also wish to thank Rev. Dillon for the many words of comfort and the church choir for its assistance.

## YOUR STOMACH TROUBLE WILL BE OVER WITH

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing, alternating, eruptions of sour, undigested food and acid, heartburn, brashness, belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bit of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bilio-sickness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sour producing almost any unhealthy condition.

A case of Pope's Diapensin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness, Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pope's Diapensin will regulate any out-of-order Stomach within a few minutes, and digest promptly without any fuss or discomfort, all of any kind of food you eat.

## ANSWER FILED BY THE DEFENDENT IN INJUNCTION CASE

Suit Result of Alleged Violation of  
Option Law at Buckeye Lake  
—Other Court News.

In the case of Will D. Harris, vs. C. L. Riley, auditor, et al., a suit brought by Mr. Harris for an injunction to restrain defendants from collecting the Dow tax, at Buckeye Lake Park, and in the business of their answer in which they say that they admit that the plaintiff is the lessee of what is known as Buckeye Lake Park, and in the business of operating a hotel, park and general amusement business, that defendant Riley is the duly elected auditor of Licking County, and that J. W. Rutledge is the treasurer; defendants also admit that the defendant Riley, acting under the information received by him from the auditor of state, did charge upon the assessment duplicate of the county against Harris \$539.44 together with a penalty of 20 per cent thereon, and they also admit that the defendants would have levied upon the goods and chattels of the same for the purpose of enforcing the payment of the sum assessed. Defendants say that they deny each and every allegation in the petition.

## TELEGRAPHIC TIPS

New York: Fatal injuries resulted when Mrs. Anna Holpit was struck by a one pound naval projectile as a soldier's last. One blow of the hammer was sufficient to discharge the shell.

Cleveland: Few present at the Baptist ministers conference agreed with the Rev. J. B. Lemon when he said marriage fees lower a clergyman's self respect. He characterized them as "water's tips."

Philadelphia: Suffragettes are neither masculine nor feminine but a third sex, according to Dr. J. C. DeCora. "Woman's supreme conceit and man's wretched abjectness" are blamed for this race of neutrals.

Cleveland: Heartbroken from taunts because the baseball team he managed was defeated for the amateur championship of the city, George Bain, 19, attempted suicide by shooting himself.

New York: Because her husband used hot mashed potatoes as a weapon in their family broils, Mrs. May Winbaum is suing her spouse for a separation on the ground of cruelty.

New York: Frank Dorian, convicted embezzler, pleaded for leniency on the ground that he carefully itemized his \$52,000 theft, thus aiding the authorities to establish their case.

Chicago: "Come home at once and support your wife, your rah-rah days are over," wrote Judge Clark to his son who eloped with a farmer's daughter. Young Clark's honeymoon was too long.

Waukegan, Ill.: Overseer Voliva of Zion City said that he would rather save one drunkard than be worth \$10,000,000. He will start on a religious campaign at once.

## THE SECRET OF BEAUTY

At last the secret is out! The famous beauties of the French salons, of whom we have read so much—according to Madame La Fleur, a noted French beauty exponent—depended almost entirely on the Vaucaire treatment, which has been used in that country for many years. Madame La Fleur, in a recent interview said, "French women have beautiful figure because they know how to develop them. The Vaucaire treatment, which is universally used, is simple to use, and positive in results; it builds up from the inside, as it feeds the wasted tissues and under-developed muscles. Local treatment cannot do this, as has been proven repeatedly. To prepare a course of this treatment, get one ounce of gallot from your druggist; then take one and one-half cups of granulated sugar to which is added enough water to make a pint. After the syrup is made add the gallot. Take two teaspoonfuls twice or three times each day and you will soon have a handsome, well rounded figure like your cousins on the other side," said the Madame with a smile. "But be sure to get the genuine gallot!"

## She Had Consumption Was Dying; Now Well

Bekman's Alternative is being used with success in the treatment of Tuberculosis. Persons who have taken it improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govett's recovery: Griffith, Ind.

"Gentlemen: Thinking that perhaps a short history of the remarkable cure of my mother-in-law (Mrs. Anna Govett) might benefit some other sufferers, hereby give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night. Her cough increased and got so bad that everything expected that she would not live much longer. When Rev. Wm. Herz, of St. Michael's Church at St. Joseph, Ind., prepared for her death, he recommended that I get some Bekman's Alternative, and see if it would not give her some relief. I then requested the attending physician to give her the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night. Her cough increased and got so bad that everything expected that she would not live much longer. # Society

The U. R. club was delightfully entertained Friday evening at the home of Miss Louise Eichhorn in West Church street, honoring its bride-elect, Miss Ramona Welch with a miscellaneous shower.

Red hearts were used in profusion throughout the rooms, while the dining room was beautiful in its decorations of goldenrod and fern.

The members present were the Misses Ramona Welch, Carrie Kirby, Lillian Kammerer, Daisy Harrington, Louise Pierson, Alice Simpson, Anna Lyon, Estella Emery, Goldie Daly, Helen Redman, Emily Hall, Edith Brown, Beatrice Orr and Sarah McKittrick.

Announcement is made that the wedding of Miss Ada Lewis and Mr. Harry Gray will be solemnized this evening at the parsonage of the First M. E. church, Rev. L. C. Sparks reading the marriage service. Miss Lewis has been with the Carnal millinery firm and Mr. Gray is an employee of the Wehrle company.

The Colonial Circle was delightfully entertained at the home of Mrs. Charles Lederer in Manning street on the regular club day, Monday. The hours were devoted to music and a contest. The fortunate contestants in the latter were Mrs. Canfield who received the guest's trophy and Mrs. Alice

Downey and Mrs. Edward McNeeley, who received the club souvenirs. A three course luncheon was served the members and following guests: Mrs. Henry Rinehart, Mrs. Edward Canfield, Mrs. Charles Cummings, Mrs. John Graef, Mrs. Bessie Rex.

Misses Evelyn Canfield and Marie Lederer entertained the company with a number of pretty piano duets. The next meeting of the circle will be at the home of Mrs. Shultz on October 6.

The meeting of the Sesame club, which was to have been held on Wednesday of this week at the home of Mrs. Paul Helm, has been postponed and there will be no meeting until October 11.

The members of the Country club will play bridge on Thursday evening at the club house. The game of bridge which is always played on Saturday at the club, will be postponed this week, owing to the ladies golf tournament on Saturday.

The Ladies Diversion club will meet with Mrs. J. P. Lamb at her home 270 North Fourth street on Thursday afternoon.

## DUNPHY-KEHOE.

It is seldom that a young woman is made a daughter and a wife on the same day. But such was the good fortune of Miss Margaret V. Dunphy, who,

AN AUTUMN PROCK IN GREY AND WHITE.

Time was when a mousseline-draped frock would have seemed utterly out of place for a late September ramble in the park or along country roads, but nowadays costumes similar to this one of darkest grey mousseline over white taffeta do not excite comment for the broad bands, knife-plaitings and huge cabochons of grey taffeta about the bottom of the skirt prevent it from flying. The draped over-waist, outlined with white embroidery, is above a white taffeta blouse broadly banded with grey coarse lace, the three-quarter sleeved guimpe is of heavy white lace and the outing hat is of grey and white fur beaver.

On Tuesday was made the adopted daughter of William B. Kehoe, and as such was married to Mr. Carl J. Ewing, a highly respected young man and a son of Homer Ewing of Union Station. The ceremony was performed by the Rev. Father Watterson at the Church of the Blessed Sacrament, in the East End, shortly after noon on Tuesday, in the presence of a number of the friends of the contracting parties. Tuesday afternoon a big reception was held at the home of the bride's father, 37 Eastern avenue.

## SNYDER-BLAND.

On Monday evening at 5 o'clock, Rev. Father J. M. Ryan, assistant pastor of St. Francis de Sales church, solemnized the wedding of Mr. Thomas Snyder of Newark and Miss Florence Jane Bland of Marion, Ohio. The young people were attended by Mrs. Frank Snyder and Mr. Edwin Snyder. Following the ceremony a wedding dinner was served at the home of the groom in North Fifth street.

The groom is the son of Mr. and Mrs. Frank Snyder of this city, while the bride's home is in Marion.

Mr. and Mrs. Snyder will make their future home in Marion, where the groom holds a position as bookkeeper at the Susquehanna soap factory.

## WHY HESITATE?

An Offer That Involves No Risk for Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by a weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Three sizes, 10c, 25c, and 50c. Sold only at our store. The Rexall Store, Frank D. Hall, 10 North Side Square.

Corn Dodgers. Corn dodgers should be made from the soft, ground, white corn meal. Mix three cupfuls of meal with a teaspoonful of salt, then add just enough actually boiling water to make a stiff paste. Quickly mold into oval cakes, lay well apart in greased pans, drop a bit of butter on top of each and bake crisp and brown in a quick oven. Serve hot.

Stuffed Peppers. Peppers used for stuffing are of the mildest variety, many of the Spanish type being so slightly pungent that they may be freely eaten, providing the seeds and inner white veins are discarded. When to be stuffed they may either be split lengthwise or a piece cut from the stem end, according to shape. After removing the seeds fill with the stuffing; this may be either crumbled bread, boiled rice or hominy with or without chopped cooked meat, the whole being well seasoned and slightly moistened with stock or gravy and enriched with a little melted butter. Arrange on shallow pans, pour in a few spoonfuls of boiling water or stock (to prevent burning) and bake in a moderate oven for from thirty to forty minutes.

# Better Times After a Change in Food

## FEEL RIGHT

When You Feed Right.

You know you always feel "very fit" when the head and nerves swing along peacefully, and with that certain sense of power that is unmistakable.

But when overwork or anxiety breaks down the soft gray matter in the brain and nerve cells (anxiety will do it quicker than overwork) faster than the food you have been using replaces it, then to save yourself from that horror of darkness, nervous prostration, you must change food and take on some sure re-builder.

That's the mission of Grape-Nuts, made of the selected parts of wheat and barley containing the natural Phosphate of Potash which combines with Albumen in the human body and makes the soft gray filling of the brain and nerve centers.

Another thing to be considered is that Grape-Nuts is "processed" in making and the starchy parts converted into a form of sugar, exactly as the process of digestion in the body. So Grape-Nuts has really passed the first act of digestion and therefore the food is quickly assimilated in the most perfect manner by babe or athlete.

## HEALTH HINT FOR TODAY.

**Water as an Aid to Health.**  
One should drink liberally of  
water. The beneficial effect of  
taking a glass of clear, cold wa-  
ter on arising and before retir-  
ing, as well as between meals  
during the day, will become  
speedily and happily manifested in  
a clearer complexion, brighter,  
new physical and mental activ-  
ity and life. Pronounced cases  
of constipation will be overcome  
by eating fruit, such as apples,  
figs, dates and prunes, and by  
drinking plenty of water.

## NEWARK HOSPITAL

Mr. and Mrs. Edward H. Everett  
have proved their loyalty to and their  
love for Newark by offering to the  
Newark Hospital Association a splen-  
did site and a generous sum of money  
for the establishment and maintenance  
of a modern city hospital. The Board  
of Trustees having accepted Mr. and  
Mrs. Everett's generous proposition,  
will now formulate a plan of action  
which, it is hoped, will result in giv-  
ing to Newark a complete, well equip-  
ped institution which will be of in-  
calculable value and benefit to our city.

The whole community, every man,  
woman and child, is or should be in-  
terested, vitally interested in the Hos-  
pital project for it means much to ev-  
erybody and to the city as a whole.  
The details of Mr. and Mrs. Ever-  
ett's offer are given in another column  
of this paper. The reader is invited  
to read the proposition carefully and  
is requested to then and there resolve  
to do his or her part towards bringing  
about the desired result. Newark has  
one year to raise \$50,000. It ought to  
be easy and it will be comparatively  
easy if each one will do his or her part.  
It is worth the effort. Let's make it.

While we are all preaching peace in  
these modern days of civilization and  
international comity, would it not  
look like an opportune readjustment  
of old scores if Italy were to admin-  
ister to Turkey such a trouncing as  
would enable the old Roman empire to  
come back into its own and Palestine  
restored to Christianity?

Obadiah Gardner, who has been ap-  
pointed Senator from Maine, is a full-  
fledged granger Democrat. With two  
Democratic senators from Maine and  
two from Texas, the country witnesses  
a grand salutation from the Northeast  
to the Southwest. There has been  
nothing like it in significance since the  
time when "Maine went, hell bent, for  
Governor Kent."

The first Sunday in October (next  
Sunday) is the day fixed for the Pres-  
idential election in Mexico. There is  
hardly a doubt that Madero, the leader  
of the revolution, will be chosen Pres-  
ident. It is somewhat a noteworthy  
coincidence that the same year should  
have witnessed the overthrow of Diaz  
in Mexico and Laurier by Canada. The  
two men had nothing in common ex-  
cept a commanding ability, for success-  
ful rule. Laurier won his way by  
dexterous statesmanship and wonder-  
ful personal magnetism. Diaz did not  
lack in breadth of view, but he relied  
chiefly on strong-arm methods of per-  
suasion.

Word comes from Berlin that France  
and Germany have adjusted their dif-  
ferences over Morocco, and that noth-  
ing remains to be done but to find  
the formula to give expression to their  
agreement. There was never really  
reasonable ground for believing that  
the Morocco affair would result in a  
serious disturbance of the peace of the  
world. As long, however, as Jingoism  
shall continue to vociferate, and ap-  
peals to a false patriotism evoke re-  
sponsive echoes from the unthinking,  
there is no telling at what moment an  
international difference may become  
acute.

**Approves Conference Merger.**  
Youngstown, Sept. 26.—As the re-  
sult of a reconsideration of its vote  
of Saturday, the East Ohio Metho-  
dist Episcopal conference, in session  
here, gave approval to the plan to  
wipe out the dividing line between  
the north and east Ohio conferences

reply, "but Ab uses Hewitt's Easy Task  
soap now and gits all done fore dinner  
it sure does the business in short order."  
It does "do the business," and it only  
costs a nickel.

ters of importance are to be discussed and considered.  
All are invited to be present.

## DOING GOOD.

I want to do what good I can. The other course is shocking; but,  
since I have no settled plan, I take it out in talking. I'm always telling  
what I'd do if I had heaps of money: I'd go among the poor and strow  
a lot of bread and honey. I'd stand upon the market place, and do a  
lot of speakin', and virtue shines in on my face until I seem a bucon.  
And people hear my platitudes without a sign of mockin'; they, too,  
are anxious to be good, and take it out in talking. And humble homes  
around me stand where alling people languish, and I might lend a help-  
ing hand, and ease all kinds of anguish. And there are springalds  
gone astray, for whom I might do service by showing them the bet-  
ter way—but such things make me nervous. And there are hopeless  
eyes around, and phantoms by me sailing, and in the night I hear the  
sound of weary women wailing. Around me in the mist and fogs are  
scenes and visions shocking. I stand before the synagogues, and help  
the world by talking.

## EFFECT OF RECIPROCITY ON WOODPULP

Washington, Sept. 26.—John Nor-  
ris, chairman of the Committee on  
Paper of the American Newspaper  
Publishers' Association, has issued a  
statement showing that the defeat  
in Canada of the reciprocity agree-  
ment has expanded the free zone for  
pulp and paper so as to include all  
of the favored nations. His state-  
ment follows:

"Canada's rejection of reciprocity  
raises a question with respect to the  
favored nation treaties that is  
unique. Unlike the items contained  
in Section 1 of the reciprocity bill,  
the paper and pulp clause, which was  
Section 2, abolished the duty on Can-  
adian pulps and paper subject only  
to a condition precedent that the  
pulp and paper must be made from  
unrestricted wood.

"Section 1 could not go into effect  
until Canada took reciprocal action,  
but Section 2 became effective July  
26, when the president signed the  
reciprocity bill. Canada's vote of  
rejection will make Section 1 inef-  
fective, but it will not impair the  
pulp and paper section, which can-  
not be nullified except by a repealing  
act of the American congress, and  
such repeal is highly improbable.

"The importers of pulps and paper  
from Germany, Norway and Sweden,  
claim that under the favored nations'  
treaty the products of these coun-  
tries are entitled to the treatment  
that Canada obtains when the pulps  
and paper are made from unrestrict-  
ed woods, and that the tariff on  
these articles is automatically abol-  
ished under like conditions. Treas-  
ury department officials say that no  
similar case has ever arisen in this  
country.

## RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple  
Remedy for Dandruff, Falling,  
Faded Gray Hair.

The old idea of using sage for dar-  
kening the hair is again coming in  
vogue. Our grandmothers used to  
have dark, glossy hair at the age of  
seventy-five, while our mothers have  
white hair before they are fifty. Our  
grandmothers used to make a "sage  
tea" and apply it to their hair. The  
tea made their hair soft and glossy,  
and gradually restored the natural  
color.

One objection to using such a pre-  
paration was the trouble of making it  
especially as it had to be made every  
two or three days, on account of sour-  
ing quickly. This objection has been  
overcome, and by asking almost any  
first class druggist for Wyeth's Sage  
and Sulphur Hair Remedy the public  
can get a superior preparation of  
sage, with the admixture of sulphur,  
another valuable remedy for hair and  
scalp troubles. Daily use of this pre-  
paration will not only quickly re-  
store the color of the hair, but will  
also stop the hair from falling out  
and make it grow.

Get a bottle from your druggist to-

## FRECKLE--FACE

New Remedy That Removes Freckles  
or Costs Nothing.

Here's a chance, Miss Freckle-  
Face, to try a new remedy for freck-  
les with the guarantee of a reliable  
dealer that it will not cost you a  
penny unless it removes the freckles,  
while if it does give you a clear com-  
plexion, the expense is trifling.

Simply get an ounce of othine—  
double strength, from W. A. Erman  
& Son, and one night's treatment will  
show you how easy it is to rid your-  
self forever of the homely freckles  
and get a beautiful complexion. Rare-  
ly is more than one ounce needed for  
the worst case.

Be sure to ask W. A. Erman &  
Son for the double strength othine  
as this is the only prescription sold  
under guarantee of money back if it  
fails to remove freckles.

## PLACES RAIDED FOR VIOLATION OF OPTION LAW

City patrolmen raided three places where intoxicating liquors were said to be on sale. At Murgoin's, place on Jackson street and Tom Lucco's place on Clinton street evidence was found that the law was being violated and in police court this morning the men pleaded guilty and were fined \$50 and costs each. Both men paid the fines. The Jackson Hotel, operated by Louis Bolton was also raided and in police court the case was continued until next Wednesday.

## LIQUOR CASES IN THE MAYOR'S COURT

Liquor cases against several saloonists of Newark were heard before Mayor Ankele Monday evening at the court room in the City building. At the request of the attorney for the prosecution, R. S. Randolph, the cases against Charles Henry and Robert Faytor were dismissed. The cases are the result of affidavits filed by George Gardner on June 21 last, in which Gardner alleged that he purchased liquors

in the places mentioned. After hearing the evidence in other cases, Mayor Ankele announced that he would reserve his decision until this afternoon. This afternoon, Mayor Ankele handed down his decision in the two cases against Robert Henry, Charles Schaller and Hugh McKenna. After hearing the evidence against the men at a session of court last night, the charges were dismissed.

## NEWARK MAN IN TROUBLE AT SANDUSKY HOME

A dispatch from the State Soldier's Home at Sandusky says: "John W. Oindorf, admitted here from Newark, O., several years ago, who has been in all kinds of trouble since his admission, escaped arrest after a warrant had been issued for him by a member of his cottage. After a day in hiding he stole into the cottage after night, secured his belongings and departed unmolested. The sergeant and member of the cottage were so elated over the prospect of his permanent absence that they did not attempt to detain him. His army discharge and other papers will be forwarded to him with great pleasure by Home officials, but Sheriff Reuter will surely get him if he ever does return."

## ONE HUNDREDTH ANNUAL SESSION M. E. CONFERENCE

Begins in the Beautiful New M. E. Church, Corner Fifth and Locust Streets, Today.

Beginning with today's sessions, the First Methodist church of this city is to be honored by the privilege of entertaining for a week the Ohio Conference, the distinctively characteristic and representative body of Methodism. This year is an especially marked one, as celebrating the one hundredth annual session of the conference; and the coming of this representative body of the church to Newark at this time is, in some measure at least, a recognition of the splendid endeavor which recently had its culmination in the building and dedication of the magnificent edifice erected by the congregation of the First church. This congregation, perhaps the largest in the Ohio Conference, will be assisted in entertaining its guests by the other Methodist churches of the city; but especial credit must be given to Dr. L. C. Sparks, by whose individual effort many of the necessary tasks and plans have been carried to successful completion. The Ohio conference is composed of about 300 pastors, representing the Methodist Episcopal churches of six districts, and will be presided over by Bishop Earl Cranston. A lay conference, composed of about 100 lay representatives of the churches, will also convene during the week.

The carefully planned program for the week has been made representative of every phase of religious and church activity and is open to all whom it may in any way interest. All speakers have been chosen with a view to their peculiar ability to deal with the vital questions of the modern church, and represent expert knowledge in their chosen fields. Special programs will be devoted to the work of home and foreign missions, church extension, board of education, Sunday school board, and Freedman's aid. The program for Tuesday evening is devoted to the interests of the Ohio Anti-Saloon League, with addresses by Hon. Jas. A. White and Rev. James Rutledge. The conference proper will open at 8 a. m. Wednesday, with the sacrament of the Lord's Supper, administered by Bishop Cranston.

Every train brings its quota of ministers and laymen to attend the conference and early in the afternoon over one hundred had registered and before the opening session this evening it is thought at least 300 delegates will be present. All delegates will be taken care of by members and friends of the congregation.

The opening meeting will be held this evening and the conference day work begins Wednesday morning at 8 o'clock.

## CONFERENCE WILL DISCUSS SALARY OF MINISTERS

Columbus, Sept. 26.—A proposition to have the city churches aid in bearing the burdens of country charges that are not able to meet their obligations is a proposition that was discussed Monday morning by the Methodist Episcopal preachers of Columbus at Wesley chapel and that will be brought up at the session of the Columbus district when it meets at Newark.

The proposition, which is to make the minimum salary of all ministers in the conference \$800 and to draw upon ministerial support and church expenditure in the cities to raise salaries to that standard, was supported in the meeting by Rev. Frank Gallian, pastor of the Mt. Vernon Avenue church, who was a member of the Portsmouth district conference last year when such a resolution was passed.

Opposition to such a system was voiced by Rev. Dr. L. I. Hart, pastor of the Neil Avenue church. "It is wrong to tax the small city churches so heavily," he protested. "We will drive them to the wall."

"I have been watching a country paper religiously for six months and have failed to see a single notice of a sheriff's sale. Farmers are prosperous. The church that they are expected to support does not suffer from the multiplicity of charities and various enterprises over whose welfare the small city church, as well as the large, is expected to preside. The members of rural churches are able to pay more per capita than the members of small urban congregations. I represent one of the latter and I know that despite the fact that 200 members of the church have paid nothing to its support this year, the payment per capita for church support and benevolences has been \$10.28.

Dr. Hart quoted the minutes of the last Columbus district conference by individual items, showing that the 95 churches in the district that would receive the proposed aid have 25,701 members and church property of \$623,200 value. They are but \$5,610 in debt and have contributed only \$9,102 to church benevolences. The figures were questioned by some ministers present but the speaker contended that they

# An Absolutely New Product for Frying, for Shortening and for General Cooking

A scientific discovery that will affect every kitchen in America

Crisco is a new and heretofore unknown product; an absolutely wholesome and delicious cooking material, made under hygienic conditions from edible vegetable oils by a process controlled exclusively by ourselves. It is in no sense a compound or mixture of oils and fats.

All the points in favor of Crisco have been tested by the leading chefs and domestic science teachers. The following claims seem unbelievable but they are now known facts in domestic science schools and in hotel kitchens, where modern, progressive cooking is a business or science.

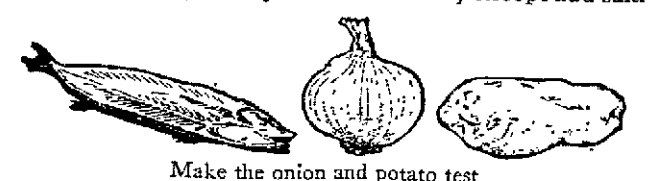

Crisco makes the best pastry

Until Crisco was discovered, butter was the standard for good pastry.

Butter is nearly one-fifth water. Crisco is 100% shortening.

To-day, Crisco gives a crisper pie crust, a richer shortcake, or cream roll, than butter.

You do not have to do any experimenting with Crisco. Use it just as you would butter, except add salt.

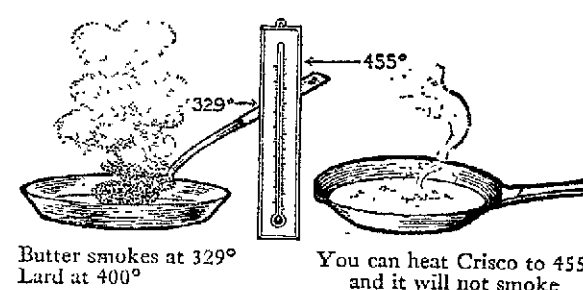

Crisco absorbs no odors

You can use the same Crisco for fish, onions, then potatoes—without the slightest odor or flavor being carried from one to the other.

This does not seem possible? Try it yourself and see. You will find it a decided economy.

The Procter & Gamble Co.

Crisco fries in half the time without smoking

Butter smokes and burns at 329 degrees. Lard at 400 degrees.

You can heat Crisco very much hotter than lard and it will not smoke. You heat Crisco hot enough to cook the outside of food instantly, so that a crust forms and prevents grease from soaking in.

This is the secret of the crispness of foods cooked in Crisco. They are a uniform golden brown and without any burnt black specks—the most appetizing fried foods you have ever eaten.

Three more new features of Crisco

Watch for our following announcements. They explain many more new features of Crisco.

When you have read them, you will agree with the food authorities that Crisco is the ideal product for cooking—one that American housekeepers have always needed and one which they will be quick to appreciate.

## STATE NEWS.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. ## Daddy's Bedtime Story—

Spottie Brown's Unwelcome Vacation

"SHEPPIE wouldn't eat his breakfast," said Jack. "And last night he didn't care about his supper. I wonder if Sheppie is sick?"

"Maybe Sheppie needs a vacation like Willie Brown's little dog," answered daddy.

"Who's Willie Brown and why did his dog need a vacation?" asked the children.

"Willie Brown is our little office boy and he lives up in the city, where I go every day working to get you two bread and butter with jam on it."

"Willie's dog was given to him when it was a puppy. It is a fox terrier. All its life it has lived on the top floor of a big house, in which dozens of other families live, each family in a few rooms. Willie calls his dog Spot, and when he goes home from work in the evening he takes Spot out for an airing in the street. Sometimes he lets the dog go up on the roof and run a little while in the evening. In the house Spot is to be very, very quiet, for the neighbors would complain if he barked too much."

"Willie told us not long ago that his dog was not feeling very well, and that as his father was going to the country to take a vacation, he had agreed to take the dog with him and give him an outing on the farm where he was to stay."

"Well, Mr. Brown took the dog. When he got to the train he found Spot would have to be tied in the baggage car. The railroad people won't let dogs travel like folks. So Mr. Brown, although he had bought a perfectly good ticket, sat in the trunk car all the way to the country."

"When he got to his station and took Spot outside the dog sat down. He didn't like the looks of things and he didn't want to stay. When they got to the farm, although the farmer's wife offered Spot the most delicious things to eat and made a great fuss over him, he crawled off by himself and cried."

"Well, Willie Brown's father just stood it a day and a half. Then he brought Spot home. Glad? You never saw a gladder dog. No green fields and brooks for Spot. The pavement and a nine by twelve kitchen for him. No fried chicken or roast pork or real culet for Spot. He would rather have bones from Mr. Bilkins, the butcher. A dog and a boy don't have the same ideas about vacations, do they?"

"And Willie Brown said from the minute Spot got home his health was better. Willie thinks the country did it, but I think it was because while away Spot's tummy wasn't weighed down with cakes and candies, and I told Willie so. Maybe he will take the hint and not buy Spot so many unwholesome dainties after this."

## WHEN A TONIC IS REQUIRED

Headaches, Backaches, Loss of Weight, Lack of Appetite, Energy and Ambition, Indicate the Need of a Blood Builder.

When the health is run down from overwork, overstudy, or any other cause, a good tonic is needed.

But sometimes what is mistaken for simple debility is a symptom of a more serious disorder, anemia perhaps, or a breaking down of the nervous system. By taking a tonic that is also a specific for many disorders of the blood and nerves the threatening disease may be prevented. Such a remedy is Dr. Williams' Pink Pills for Pale People, a blood-building and nerve-strengthening tonic that has cured many cases where other medicines had been tried without benefit.

The case of Mrs. Charles A. Joy, of Ellsworth Falls, Me., shows conclusively the value of these pills as a tonic for all run-down conditions. She says: "I was sick for nearly a year and the doctors said I was run down and that my blood was in poor condition. I think the trouble was due to overwork. I felt tired out all of the time. I didn't have a very good appetite and didn't eat much. I had a great deal of headache in the back of my head. It was more noticeable whenever I lay on my back. My hands used to get quite numb, I lost in flesh and had to be easy on myself."

"I was treated by doctors for several months but they didn't cure me. Then my mother had me try Dr. Williams' Pink Pills for Pale People. I hadn't taken them long before I began to have an appetite. I gained in flesh and have been quite well since. I have used the pills in my family a good deal and think very highly of them." Dr. Williams' Pink Pills have also cured anemia, chlorosis, after-effects of the grip and fevers and should be used wherever a tonic for the blood and nerves is needed.

The pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. A valuable booklet, "Diseases of the Blood," containing fuller information will be sent free upon request.

WASHINGTON, Sept. 26.—The Reclamation Service announces its latest homestead undertaking, the Huntley irrigation project, in Montana, is fast being settled up by newcomers to the west, and that splendid crops of all sorts are being produced. One of the principal crops being raised with suc-

cess in the new country is sugar beets.

A report received today said:

"Thirty-six hundred acres were planted to sugar beets this year. The heavy lands on the project which at first were avoided by the settlers are proving the most desirable for sugar beet culture. Seven beet dumps on the project make short hauls for the farmers.

On September 12 there were 103 remaining farms available for settlers, and the service reports that there is ample opportunity at this time to secure a first class farm less than two miles from the railroad, although seventeen farms were taken up by settlers during the month of August.

Forced To Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson of Calamine, Ark., when all else failed, and I gained forty-seven pounds in weight. It surely is the king of all cough and lung cures." Thousands owe their life and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c. and \$1. Trial bottles free at P. D. Hall's.

### OREGON MAY LEAD PAGEANT THROUGH CANAL

Washington, Sept. 26.—The movement started on the Pacific coast looking toward the selection of the historic battleship Oregon to lead the world-wide pageant that will open the Panama Canal to commerce in 1915 is gaining such headway, that it is believed this vessel is assured of the honor.

Assistant Secretary of the Navy Beekman Winthrop favors the proposition, and explains that the only thing necessary to bring about the Oregon's selection is a sufficient amount of public sentiment in its favor.

"The whole question is merely one of sentiment," said Winthrop today, and if the people of the country show that they would like to have the Oregon, who won her first laurels by the remarkable flight from Puget Sound navy yard to Cuba by the present round-about route, to be the first to go from ocean to ocean through the newer and shorter way, the department will see to it that their wishes are fulfilled.

The Oregon is now anchored at the Puget Sound navy yard, having just been completely overhauled, and she is pronounced to be fit for another such cruise as made her famous more than a decade ago, although anxious to make the proposed triumphal voyage through the canal ahead of other vessels.

### BELIEVED PLOT TO DYNAMITE A FURNACE PLANT

Cleveland, O., Sept. 26.—The police are investigating what they believe to be a plot to dynamite the plant of the Cleveland Furnace Company. Detectives working on the case say that 54 sticks of dynamite, containing an unusual amount of nitroglycerin, were found on a traveling crane just in time to save the wrecking of the crane and probable destruction of the plant. Two launches were seen on the river near the furnace. Detectives Rabshaw and Buckhart, assigned to the case, are looking for the navigators, in the belief that they can throw light on the placing of the explosives. Officials of the company say they know of no reason for the dynamiting of the plant.

### LOCAL UNDERTAKING FIRM BRANCHES OUT

Mr. McCament, for the present, will maintain offices at the Dory House and Mr. Clunis will continue in charge at Hebron. A lady assistant will be in attendance when requested. Calls will be promptly answered both day and night. 9-22-d6tx

### ANGRY FARMER ASSAULTS FATHER WITH MILK STOOL

Delaware, Sept. 26.—Angered at a cow which became unruly while he was attempting to milk her, Charles Waters, aged 35, of near Leonardsburg, is said to have picked up his milk stool and swung it with great force over the head of his aged father, Frank Waters, who was milking another cow near by, according to the story told the grand jury here yesterday afternoon. Troubles over the sale of a farm are said to have led the son to assault his father with a pitchfork some six weeks ago, and when he became angry at the cow, it is said, the latter got out of his reach and he threw the stool at his father instead on general principles.

### BUTTER BOOSTED BY CANADA'S VOTE

## You'd Like a Second Cup of Coffee—

And maybe a third, at your dinner. But you are afraid of it. Coffee makes you nervous—gives you a headache—heartburn—or indigestion. "Here's a cup that *smells* like fine coffee—" "Tastes like fine coffee—" "It is fine coffee—isn't it?" "Never mind. Drink as many cups as you like. It won't hurt you, no matter how sensitive your stomach, is. It is good for you!" "Well, if it is not coffee it must be

## Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste"

The only substitute in all the world that has the *coffee* flavor and the *coffee* satisfaction—without one of coffee's bad after-effects. In coffee, it is *caffeine* that causes all the trouble. In Fitch's GRAINS OF HEALTH a special high-grade blend of coffee is so combined with roots, herbs and vegetables that the caffeine is counteracted. The combination has a health building effect. Physicians recommend it. Even children can drink it. Fitch's GRAINS OF HEALTH is sold by all leading grocers. The price is 30 cents the pound package. It is ground, ready for use. It is just as easy to prepare as coffee. But only half as much of Fitch's GRAINS OF HEALTH is required as coffee. Therefore it costs only half as much as good coffee.

If your grocer cannot supply you, write us, mentioning his name, and we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

## CLASS CONTEST AT OLD DENISON NEXT THURSDAY

Flag Rush, Tag-of-War and Football Game on Beaver Field—Granville Farmers' Bury.

Granville, Sept. 26.—Ever since the beginning of the present semester class feeling has been very bitter between the Freshman and Sophomore classes. In fact so bitter has the rivalry been that a number of students in both classes have suffered therefrom. In order to determine the supremacy of the class the annual day for the class contest will be held on Beaver Field on Thursday of this week. As has been customary during the past three years, the program will consist of a flag rush, tag-of-war, and a football game. It has been found by past experience that these three events furnish about an equal chance between the Freshman with superior numbers and the Sophomores with the advantage of previous experience. At a meeting of upper class men, together with committees from each of the lower classes, rules for the contest were decided upon. No chains or padlocks will be allowed in binding men on opposing teams. Anything which may endanger life or limb will not be permitted. The flag rush will begin at 10 o'clock, and if at 12 o'clock it remains on the pole the Sophomores will be declared the victors. If removed before that time the Freshmen will be declared the victors. The tag-of-war will take place west of the Columbus bridge at 1:30 o'clock to be followed by the football game.

Mr. and Mrs. O. C. Jenkins and children, Margaret and William, of Clyde, O., who have been visiting relatives and friends in Granville and vicinity during the past week, have returned home.

Mrs. Mary Purinton Green and sister, Miss Helen Purinton, of Morgantown, W. Va., recently enjoyed a most pleasant visit at the home of Mrs. J. L. Gilpatrick.

The farmers around Granville have been putting in their wheat as rapidly as the soil will permit. And the average acreage will be larger than in some former years. Some of the early cut corn during the extreme wet was damaged somewhat in the shock by moulding, so that in some localities the farmers have been taking the shocks apart and trying to save the corn from any further damage. The pastures have had good growth during the extreme wet fall, so that some meadows now would cut a larger percentage of grass than during the harvest season.

The Granville band gave its regular Saturday evening concert on Broadway

last Saturday night, and was enjoyed by hundreds of people. Their music was of a most delightful character and there was much applause whenever they played. The people of Granville appreciate their band.

Mrs. A. D. Cole and niece, Miss Esther Stickney of Boston, Mass., visited in Granville recently the guests of Mr. and Mrs. E. M. Downer.

Miss Mildred Weaver of Marysville, O., after a short visit with friends here, has returned home.

## DON'T BE UNREASONABLE

If You Neglect the Care of the Scalp You Should Not Expect Beautiful Hair.

The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body.

In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy. If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon; it is natural and happens in every instance where the care of the hair and scalp is overlooked.

The one sure remedy which prevents the loss of hair and permits a healthy, luxuriant growth is found in Newbro's Herpicide.

The dandruff germ cannot live on a head to which Herpicide is regularly applied. The germ dies. The hair ceases to fall. The terrible itching stops almost instantly.

That is what Newbro's Herpicide does.

One dollar size bottles are sold and guaranteed by all druggists.

Send 10c in stamps for booklet and sample to The Herpicide Co., Dept. R., Detroit, Mich.

## LITTLE BABIES DESERTED BY THEIR MOTHER

The police have been unable to locate Mrs. Henry Scholler, wife of a defendant in police court Monday morning and it is the belief of her husband that she has gone to Cleveland to make her home with her sister.

Scholler himself had a long conference with Mayor Ankele this morning and after the details of the domestic trouble had been related to the Mayor, Scholler was advised to go to work and provide for his children. The Mayor also advised the husband to communicate with his wife and urge her to return to her home and children. If this fails to bring her back, he was advised to cause her arrest on a charge of desertion of the children.

Scholler told Mayor Ankele that he recently received a legacy from the old country which amounted to about \$200. Of this amount he gave his wife \$50 and this was the money she used to finance her trip to Cleveland, it is alleged.

Scholler has been a good provider for his family according to the information which the police attaches have received and except for his occasional spree he has worked steadily.

In all probability the man's relatives will call upon the juvenile court to take up the matter of his little children and see that they are properly cared for.

The domestic troubles of Scholler came to the attention of the police department yesterday when they were asked to detain the wife as she had declared her intention of leaving her babies upon learning that her husband had been fined in police court for fighting.

"If that is the kind of a husband I've got, I'll leave," she is said to have declared, as she kissed her babies good bye. She took a north bound B. and O. train before the police department was informed of her intention to desert her family.

## FOUND DEAD BY HANGING,

Cleveland, Sept. 26.—The police are trying to identify a man whose body was found hanging in Rice's Woods. Binder twine tied around his neck and attached to the limb of a tree had caused his death, apparently about three days ago. The man was well dressed and a foreigner.

It is just two weeks today since the opening of this sale, which has proven the most successful in our 17 years local business, and it was our intention to continue this sale for but two weeks, but because of the fact that we completely sold out of many articles during the first week, and because we were simply unable to wait upon all of the immense throngs that visited our store on Saturdays and Mondays, and because we are certain that these, with hundreds of others will take advantage of this sale, we have decided to continue it for 10 days longer. New goods have come in, and we are now better equipped, if possible, than when we first opened this sale.

You will find more of the same specially priced goods on each and every one of our four floors, and also many new special articles that have since come in. The same terms will prevail, anything, any article or combination of articles up to \$40.00 will be delivered for \$1.00 down. This applies to all Furniture, Stoves, Carpets, Rugs, Lace Curtains, Etc.

Parish Goods are all guaranteed, we stand back of every article we sell on a guarantee, and it must be satisfactory to the purchaser.

Parish Prices are the lowest, because our superior buying facilities give us advantages over any other dealer in Ohio. Come in and prove this to your own satisfaction.

## STOCK AND CERTIFICATES

OF DEPOSIT WITH BUILDING ASSOCIATIONS TAXABLE.

The Board of Review, after several weeks of inquiry, during which a large number of people were examined, and thousands of dollars in Building Association stock placed on the tax duplicate, is convinced that large numbers of our people do not understand that such stock is taxable. The fact is, Building Association stock and Certificates of Deposit with Building Associations are taxable in the name of the holder.

Heretofore, with the high tax rate, such stock and certificates have not been listed, because, if taxed, the holder could not realize any revenue from them; but since the enactment of the one per cent tax law, there can be no valid excuse for this class of personal property not being listed.

If this class of property is not listed this year, taxing authorities next year will be required under penalty of law to place the same on the tax duplicate with fifty per cent penalty. If you have this kind of personal property you cannot afford to take the chance of not listing it for taxation. The tax rate will be very low, so low that you can afford to pay the tax, and so low that you cannot afford to run the risk of penalties, if you fail to list it.

From now on we shall be compelled to make a most thorough investigation into this kind of property, so please come to our office and give us the amounts you owned on April 9, 1911, rather than wait for us to cite you before us.

WHAT IS SOAP?

This is a matter which few except chemists understand. Let us give you a little information. Soap is a composition of fat and alkali, which, if properly proportioned and treated, results in a new chemical product which bears this name.

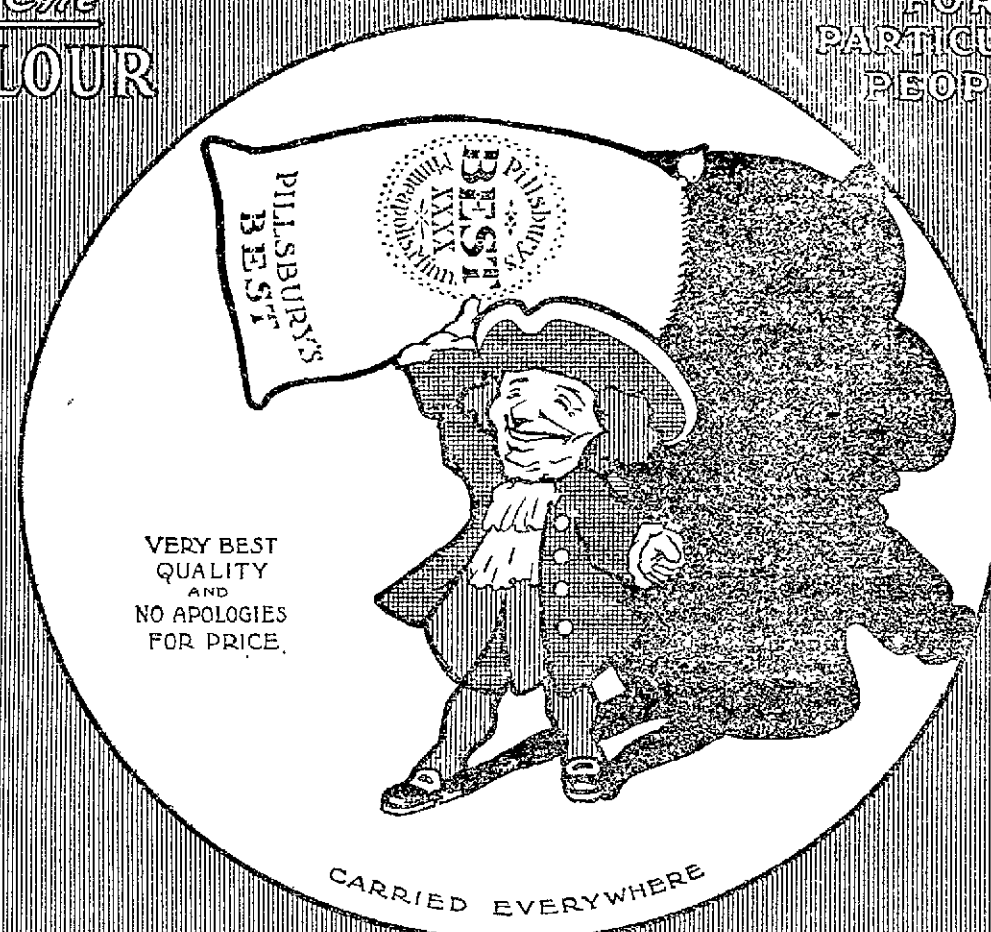

The best cleanser in the world is soap—pure soap, in which the ingredients are scientifically combined. The cheap "soaps" with which the market is flooded, contain so much alkali that fabrics washed with them are soon ruined.

Try Hewitt's Bask Task soap, which is the true blend of tallow, coconut oil and borax, and see the rapid improvement in the wash and the hands which do it.

# HOSPITAL ASSOCIATION ACCEPTS GENEROUS OFFER OF MR. AND MRS. EVERETT

## Gift of Splendid Site, \$10,000 in Securities and 5 per cent of Amount Subscribed---People Asked to Subscribe \$50,000 Within Year for New Structure.

Mr. and Mrs. Edward H. Everett have generously offered their splendid property at the corner of Buena Vista and Indiana streets and have promised an additional gift of \$10,000 in interest bearing securities and also five per cent of the amount to be subscribed by the people of Newark towards the establishment of a new modern city hospital. The trustees of the Newark Hospital Association have accepted the offer and a tangible start on a new hospital has been made. The Board of Trustees now has under consideration the method of placing the proposition before the people and securing the required \$70,000 within the next year.

Mr. Everett has stated that he hopes to see a hospital erected which will be owned in common by all the people and its affairs conducted in such a manner that favoritism and special privileges will be wholly eliminated, a hospital that knows no creed, color or sect, one that will accord the poor man the same expert treatment as the rich.

Mr. Everett suggests a fire-proof hospital having the most approved sanitary arrangements, a hospital with a skilled physician of recognized merit at its head, aided by a staff of the best specialists in the city; a hospital supported by a corps of the best trained nurses, fitted for their work in a training school which shall be maintained by the hospital; a hospital to which all physicians of the city can send their patients with the assurance that they will receive only one kind of treatment and attention, and that the very best that can be rendered.

This is what Newark hopes for—what Newark wants. How shall it be obtained? What are the plans for raising this amount?

This gift, generous though it is, will not build the hospital; but it is a basis, a foundation, a start toward results.

Results come from efforts. Success comes in cans. Newark can and will build the hospital if the people but unite and work together for this result. The benefits are for all, and therefore all should help.

Let us get rid of the idea that a few rich men are going to donate from their abundance and build a hospital. This isn't the trustees' idea nor is it the wish of the donors.

Let Newark have a hospital, to which every citizen, be he laboring man, clerk, tradesman, artisan, professional, business man or capitalist may make his contribution on this broad basis of equality—a common interest in the welfare of humanity.

Every man, every woman in the city must be given an opportunity to subscribe what they will. To have done something toward the erection of this building, to have helped to put within the reach of all, the very best hospital service, will bring a sense of satisfaction and a pride in the result that ought to be denied to none.

The raising of the sum required, \$50,000, will be taken up with and presented to every club, society, union and organization in the city, and if necessary ending with a house to house canvass of every home.

Following is a copy of Mr. and Mrs. Everett's proposition to the hos-

pital trustees which was accepted at a meeting held Monday evening:

To the Trustees of the Newark Hospital Association:

Desiring to see established a hospital, which will serve the residents of the city of Newark and Licking County, Ohio, the title to which shall be in your association, we submit the following proposition for your consideration:

At any time within one year and upon the terms and conditions hereafter stated, we agree to convey to your association in fee simple the parcel of ground situated at the northeast corner of Buena Vista and Indiana streets in the city of Newark, Licking County, Ohio, being the same real estate conveyed to Amy K. Everett by Martha S. Coman by deed dated October 5th, 1896, and recorded in Volume 105, page 247 of the Deed Records of Licking County, Ohio.

Such property to be conveyed to your association for the purposes, and upon the terms and conditions, following, the second and third of which shall be incorporated in the deed to your association:

First: That within one year from this date your association is to secure in cash or notes that can be used as the equivalent of money irrespective of any indorsement, the sum of Fifty Thousand Dollars (\$50,000) to be used for the purpose of constructing a hospital building or buildings upon said premises.

Second: That the said premises shall be used by your Association for hospital purposes only, and in case the same shall at any time be not used for hospital purposes by your Association for a period of five (5) years, then said real estate shall revert to Amy King-Everett, or to her heirs or assigns; provided, however, that such reversion may be prevented by the payment to said Amy King-Everett, or her heirs or assigns, of the sum of Twenty Thousand Dollars (\$20,000.00), and such payment of said sum shall operate to fully release and bar any and all right, title or interest of said Amy King-Everett, her heirs or assigns, in and to said real estate as completely as if a deed were made to accomplish such release.

Third: That the board of trustees or directors of your Association shall never have in its membership more than two (2) persons who belong to the same church, sect, denomination, congregation, or other religious body. Desiring that such hospital be open on equal terms to all physicians and surgeons. It is required that no physician or surgeon shall at any time be a member of said board of trustees or directors.

Fourth: We further agree that, at such time, within the year from this date, as your Association has secured for building construction purposes the amount of Fifty Thousand Dollars (\$50,000.00), in the manner hereinbefore stated, we will give and transfer to said Hospital Association the sum of Ten Thousand Dollars (\$10,000.00) in interest bearing stocks or securities, to be held as an endowment fund for said Association. Should said Hospital Association not use said premises for hospital purposes for a period of five (5) years, then said securities of Ten Thousand Dollars are to revert, and be paid, to Amy King-Everett, or her heirs, representatives or assigns.

Fifth: We also agree to give to said Hospital Association the further sum of five per cent (5 per cent) of said sum of Fifty Thousand dollars, or greater amount, raised, within the time and manner herein provided, for the construction of such hospital building.

This offer, with its several provisions, is made in the belief that your Association ought readily to secure such sum of Fifty Thousand Dollars for building purposes within one year from this date, and should such be not secured for that purpose within that period of time, then this offer and proposition is to be regarded as withdrawn and terminated.

In witness whereof, we have hereto set our hands this 23d day of September, A. D. 1911.

AMY KING EVERETT,  
EDW. H. EVERETT.

Within a very short time the people subscribed \$230,000 for the erection of three new churches, First Presbyterian, Plymouth Congregational, and First Methodist. The subscription was made up principally by members of those three churches. If \$230,000 can be raised with comparative ease ought it to be difficult to raise \$50,000 for a hospital project in which every man, woman and child has a direct personal interest? Newark needs this hospital and if the people want it they now have a splendid opportunity to secure it. The work must be taken up promptly and if the right energy is put into the movement it can not fail.

The census of 1900 shows that there are nearly two million more males than females in the United States. To be exact, the excess of males is 1,815,007.

## WILL CONFER FOURTH DEGREE AT COLUMBUS

Three hundred candidates from various parts of Ohio and other states will be initiated into the fourth degree of the Knights of Columbus in Columbus on October 15. In the evening there will be a banquet at the Southern Hotel, when a speaker from the East, Governor Harmon and other prominent men will make addresses. The four masters of degrees in Ohio will conduct the initiation. This will be the first exemplification of the fourth degree in Ohio in nine years and one of the few ever held in the state. There will be six degree officers and five other speakers at the banquet. The work of initiation will be under the direction of William M. Mummi, master of the fourth degree of the First Ohio District.

## To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this invitation to become one.
